'A secret gem of the South Hams'

Relax and dine in an atmosphere where good food and good service go hand in hand ...

One of the South Hams most famous hostelries, the California Country Inn is a delightful 14th Century Devon Freehouse and Restaurant, owned and run by the Bell family. Real oak beams, exposed stonework and lots of brass, copper and old photographs complete the rustic charm of the wood panelled Inn.

Our excellent homemade bar menu and daily specials ranging from sandwiches and ploughman's to homemade pies, beer battered cod and local chargrilled steaks. Sunday lunch also available.

A great place to meet friends and locals alike in the heart of the South Hams

Why not try Devon's Finest a la carte restaurant using all locally sourced produce, meats and fish we aim to provide the best quality, flavour and presentation of food in the area. With the promise of a tempting menu for the most discerning palate you won't be disappointed.
